

Bellaire, Texas

BELLAIRETX.GOV

Founded in 1908, Bellaire has grown from a twelve-family farm town into a verdant enclave of shaded streets and beautiful homes, beloved for its small-town spirit and big-city proximity.

The city has a compact footprint of 3.5 square miles and has remained essentially unchanged since the city's incorporation, making Bellaire not only a place of friendly waves and familiar faces, but also a setting where families enjoy the kind of focused attention from their city that makes for meaningful participation and real peace of mind.
