# Texas Wine Facts

# Texas has 8 recognized American Viticultural Areas

Texas is the site of the first vineyard established in North America by Franciscan priests circa 1662. As European settlers followed the development of mission outposts, they brought more grapevine cuttings, further developing the industry through the 1800s.

Today, Texas has approximately 4,000 acres of producing vineyard farmland. The U.S. Department of Treasury through the Alcohol and Tobacco Tax and Trade Bureau officially designates American Viticulture Areas (AVA). Texas has eight AVAs, although many vineyards exist outside the specified AVAs. For a wine to mention an AVA on the label, 75% of the volume of wine must come from grapes grown in that designated region.

## 1. Bell Mountain

Designated in 1986, it is the first established AVA in Texas, covering 3,200 acres about 15 miles north of Fredericksburg.

## 2. Escondido Valley

This appellation established in 1992 covers 50 square miles in Pecos County in far West Texas, located near Fort Stockton.

## 3. Fredericksburg

This viticultural area covers about 110 acres with approximately 60 under vine.

## 4. Mesilla Valley

Located at the far western tip of the Texas border north and west of El Paso, this area is hot and dry with a long growing season and approximately 40 acres of cultivated grapes.

## 5. Texas Davis Mountains

With about 50 acres planted with vines, this West Texas appellation is cool and wet at an elevation ranging from 4,500 to 8,300 feet.

## 6. Texas High Plains

Located west of Lubbock in the Panhandle at an elevation of 3,000 to 4,000 feet, the climate of this appellation is very dry. While the AVA encompasses over 8 million acres, there were approximately 3,500 acres dedicated to grape growing in 2005.

## 7. Texas Hill Country

Located west of Austin & San Antonio, this appellation is the second largest AVA in the country, encompassing more than 9 million acres. Two smaller appellations have been designated within the Texas Hill Country due to the unique micro-climates they embody. Many wineries are located in this scenic area.

## 8. Texoma

Located in North-Central Texas, this area contains approximately 3,650 square miles along the Texas-Oklahoma line.
