Austin Area SCHOOL GUIDE

Texas Education Agency's
Accountability Ratings and
Texas Academic Performance Report

Accountability Ratings
Based on the
2024-2025 School Year

T.A.P.R. Texas Academic Performance Reports

The Texas Academic Performance Reports (TAPR) pull together a wide range of information on the performance of students in each school and district in Texas every year. Performance is shown disaggregated by student groups, including ethnicity and low income status. The reports also provide extensive information on school and district staff, programs, and student demographics.

General School Inquiries and Information

For general information about the requirements of public schools in Texas, you may contact the Office of General Inquiry.

You may contact staff members of this office by phone or e-mail:

- Call the Office directly at 512-463-9734 during normal business hours.
- Send your inquiry by e-mail to: generalinquiry@tea.texas.gov

Spanish speakers are available (se habla español).

Overview of the State Accountability System

Based on the 2024-2025 School Year

Who Is Rated?

Districts

Beginning the first year they report fall enrollment, school districts and charter schools are rated based on the aggregate results of students in their campuses. Districts without any students enrolled in the grades for which STAAR assessments are administered (3-12) are assigned the rating label of Not Rated.

State-administered school districts, including Texas School for the Blind and Visually Impaired, Texas School for the Deaf, Texas Juvenile Justice Department, and Windham School District are not assigned a state accountability rating.

Campuses

Beginning the first year they report fall enrollment, campuses, and open-enrollment charter schools, including alternative education campuses (AECs), are rated based on the performance of their students. For the purposes of assigning accountability ratings, campuses that do not serve any grade level for which the STAAR assessments are administered are paired with campuses in their district that serve students who take STAAR.

Rating Labels

Districts and campuses receive an overall rating, as well as a rating for each domain. The rating labels for districts and campuses are as follows.

A – Exemplary performance -	<i>Scaled score 90-100</i>
B – Recognized performance -	<i>Scaled score 80-89</i>
C – Acceptable performance -	<i>Scaled score 70-79</i>
D – Unacceptable performance -	<i>Scaled score 60-69</i>
F – Unacceptable performance -	<i>Scaled score ≤ 59</i>
NR – Not Rated	

- **A - F:** Assigned for overall performance and for performance in each domain to districts and campuses
- **Not Rated:** Indicates that a district or campus does not receive a rating for one or more of the following reasons:
 - The district or campus has no data in the accountability subset.
 - The district or campus has insufficient data to assign a rating.
 - The district operates only residential facilities.
 - The campus is a juvenile justice alternative education program (JJAEP).
 - The campus is a disciplinary alternative education program (DAEP).
 - The campus is a residential facility.
 - The commissioner otherwise determines that the district or campus will not be rated.

Student achievement

The Student Achievement domain evaluates district and campus performance based on student achievement in three areas: performance on STAAR assessments, College, Career, and Military Readiness (CCMR) indicators, and graduation rates.

School progress

The School Progress domain measures district and campus outcomes in two areas: the number of students that grew at least one year academically (or are on track) as measured by STAAR results and the achievement of students relative to districts or campuses with similar economically disadvantaged percentages.

Closing the gaps (30%)

The Closing the Gaps domain uses disaggregated data to demonstrate differentials among racial/ethnic groups, socioeconomic backgrounds, and other factors. The indicators included in this domain, as well as the domain's construction, align the state accountability system with the Every Student Succeeds Act (ESSA).

Single-Campus Districts

For single-campus school districts and charter schools, the 2022 performance targets applied to the campus are also applied to the district, ensuring that both the district and campus receive identical ratings. School districts or charter schools that meet the definition above are considered single-campus districts or charter schools in any criteria outlined in this manual.

Distinction Designations

Districts and campuses that receive acceptable accountability ratings are eligible to earn distinction designations. Distinction designations are awarded for achievement in several areas and are based on performance relative to a group of campuses of similar type, size, grade span, and student demographics. Districts are eligible for a distinction designation in postsecondary readiness. *Please see next page for more information about Distinction Designations.*

Source: TEA: Texas Education Agency - www.tea.state.tx.us

Distinction Designations

Recognition of outstanding achievements in specific areas

Distinction designations are awarded in the following areas:

Districts and campuses that demonstrate acceptable performance are eligible to earn distinction designations. Acceptable performance is defined as an overall rating of A, B, or C for 2025.

Distinction designations are awarded for achievement in several areas and are based on performance relative to a group of campuses of similar type, size, grade span, and student demographics.

For 2025, distinction designations are awarded in the following areas:

Academic Achievement in

English Language Arts/Reading (campus only)

An Academic Achievement Distinction Designation (AADD) is awarded to campuses for outstanding achievement in ELA/reading based on outcomes of several performance indicators.

Who is eligible:

Campuses that demonstrate acceptable performance.

Academic Achievement in

Mathematics (campus only)

An AADD is awarded to campuses for outstanding achievement in science based on outcomes of several performance indicators.

Who is eligible:

Campuses that demonstrate acceptable performance.

Academic Achievement in

Science (campus only)

An Academic Achievement Distinction Designation (AADD) is awarded to campuses for outstanding achievement in science based on outcomes of several performance indicators.

Who is eligible:

Campuses that demonstrate acceptable performance.

Academic Achievement in

Social Studies (campus only)

An AADD is awarded to campuses for outstanding achievement in social studies based on outcomes of several performance indicators.

Who is eligible:

Campuses that demonstrate acceptable performance.

Top 25 Percent:

Comparative Academic Growth - Progress (campus only)

A distinction designation for outstanding academic growth is awarded to campuses whose School Progress, Part A domain raw score is ranked in the top 25 percent (Q1) of campuses in its campus comparison group.

Who is eligible:

Campuses evaluated on School Progress, Part A and demonstrate acceptable performance.

Top 25 Percent:

Comparative Closing the Gaps (campus only)

A distinction designation for outstanding performance in closing student achievement gaps is awarded to campuses whose Closing the Gaps domain raw score is ranked in the top 25 percent (Q1) of campuses in its campus comparison group.

Who is eligible:

Campuses evaluated on Closing the Gaps domain and demonstrate acceptable performance.

Postsecondary:

Readiness (campus and district)

Both districts and campuses that demonstrate acceptable performance are eligible for a distinction designation for outstanding academic performance in attainment of postsecondary readiness. To earn a distinction for postsecondary readiness, an elementary or middle school must be in the top quartile for at least 50 percent or more of all the indicators for which they have data, high schools and K-12 campuses must have at least 33 percent of their indicators in the top quartile of their campus comparison groups, and districts must have at least 55 percent of all their campuses' postsecondary indicators in the top quartile.

Who is eligible:

Multi-campus districts and campuses that demonstrate acceptable performance

For single-campus districts and charter schools that share the same 2022 performance data as its only campus, the campus is eligible to earn a postsecondary readiness distinction designation, but the district or charter school is not eligible to earn the district postsecondary readiness distinction designation.

Postsecondary Readiness Indicators for Campuses:

- Percentage of STAAR Results at Meets Grade Level or Above Standard (All Subjects)
- Percentage of Grade 3-8 Results at Meets Grade Level or Above in Both Reading and Mathematics
- Four-Year Longitudinal Graduation Rate
- Four-Year Longitudinal Graduation Plan Rate
- TSI Criteria Graduates
- College, Career, and Military Ready Graduates
- SAT/ACT Participation
- AP/IB Examination Participation: Any Subject
