# Conroe Texas

[cityofconroe.org](http://cityofconroe.org)

Conroe is the perfect blend of starry nights and city lights. And being the fastest-growing city in Texas, Conroe has so much to offer. Conroe is bordered by 22,000-acre Lake Conroe, Sam Houston National Forest, and W. Goodrich Jones State Forest, making for a veritable utopia for the outdoor lover in us all.

Aside from the outdoors, Conroe has a bustling downtown with breweries, theatres and plenty of shopping. There is also plenty of live music, which has earned Conroe the designation of Music Friendly Community by the state of Texas. Whether you are looking for an adventure or a little rest and relaxation, you will find it in Conroe.

# Sam Houston National Forest

936-344-6205 | 394 FM 1375 West, New Waverly  
[fs.usda.gov/detail/texas/about-forest/districts](https://fs.usda.gov/detail/texas/about-forest/districts)

The Sam Houston National Forest spans Lake Conroe's northern shores and is home to towering pines and plenty of maintained trails for hiking, biking, and wildlife watching, along with horseback riding and dirt biking trails.

**Hiking** is a popular way to enjoy the forest and its beauty. The 128-mile Lone Star Hiking Trail, a portion of which has gained National Recreation Trail status, winds through the Sam Houston National Forest. The trail, marked with two-inch by four-inch aluminum markers to guide hikers, has recreation areas available at three different points.

**Camping** - There are three developed campgrounds in the Sam Houston National Forest (Cagle, Double Lake & Stubblefield Recreation Areas). Cagle and Double Lake facilities are available by reservations or on a first-come, first-served basis if not previously reserved. Reservations for Cagle may be made at the recreation area or by calling the National Recreation Service. Stubblefield is available on a first-come, first-served basis only. Reservations can be completed by calling the National Recreation Service at 877-444-6777 or at [www.recreation.gov](http://www.recreation.gov).

**Canoes and paddleboats** can be rented at the concession stand at Double Lake which also has groceries, ice, and other items for sale. Bass, bream, and catfish have been stocked in Double Lake, and fishing is permitted under applicable state laws. Only small electric motors are allowed on the lake. Double Lake Recreation Area also provides access to the Lone Star Hiking Trail.

**Fishing** - On the northeast boundary of the forest lies the 82,600-acre Lake Livingston. Lake Conroe, to the southwest, offers 22,000 acres of water-oriented recreation. Both lakes are noted for black bass and year round fishing. The Forest Service provides three access points to Lake Conroe. A boat slip on the San Jacinto River near Stubblefield Recreation Area north on the lake, a boat ramp along the northeastern shore of Lake Conroe at Cagle Recreation Area, and another boat ramp is at Scotts Ridge on the southwestern shore of the lake.

**Hunting** - The entire Sam Houston National Forest is designated as a wildlife management area through a cooperative agreement between Texas Parks and Wildlife Department and the U.S. Forest Service. This special designation provides benefits to those who use the Sam Houston National Forest, including hunters, and to the wildlife that live or forage there. Extra fees paid by hunters who use wildlife management areas are collected by Texas Parks and Wildlife Department and are returned to the Forest Service for use in those areas.

**Multiple-use Trails** - The Sam Houston National Forest offers 85 miles of multiple-use trails designated and developed for hiking, biking, horses, and registered Off-Highway Vehicles (OHVs). Offering a variety of unique riding conditions, the multiple-use trail in the Sam Houston is the only trail open to OHVs in the National Forests in Texas. To promote sustainable and safe riding opportunities, trails are closed when conditions such as soil moisture could lead to trail damage. Before visiting please call the Ranger's Office at 936-344-6205 or 888-361-6908 and select option 2 for trail status.
