Friendswood Independent School District aspires to be a premier school of choice where every student is future-ready in a global society.

- Ready for higher education • Ready for the workplace • Ready for service • Ready for personal success/leadership
 - We believe in student-centered schools.
 - We believe in high standards of learning for all students.
 - We believe we are a community of learners responsible for continuous improvement.
 - We believe education must adapt to embrace and seize technology and potential for learning.
 - We believe community involvement enhances student success.
- We believe character centered schools provide multiple opportunities to develop the whole child.
 - We believe resources should be allocated to support learning.
