

# SYD SW

MARCH 12-18, 2026

## Innovation Conference

Explore cutting-edge ideas, discover emerging trends, and connect with forward-thinking professionals from around the world. Featuring diverse tracks on breakthroughs in technology and culture, this conference proves that unexpected discoveries emerge when varied topics and perspectives converge.

## Film & TV Festival

Discover high-caliber film, television, and XR projects while joining influential audiences that drive cultural conversations for months to come. Running concurrently with other festival events, attendees gain unparalleled access to independent cinema, world premieres, and industry experts from multiple disciplines.

## Music Festival

Artists, industry professionals, and music lovers converge to forge connections, advance careers, and celebrate live music—from legendary performers to breakthrough talent. Showcases curated in partnership with labels, agencies, festivals, and brands create diverse programming across dozens of downtown Austin venues.

## Comedy Festival

Today's comedy icons unite with tomorrow's rising stars for unforgettable shows featuring stand-up, improv, live podcast tapings, and surprise appearances. Open to all badge holders, the festival creates an atmosphere of discovery where audiences find new favorites while experiencing pure creative energy.

## Exhibitions

Immerse yourself in a dynamic fusion of creativity and cutting-edge innovation through interactive installations, technology demonstrations, art exhibits, and performance showcases. From international innovations to emerging tech, these curated spaces create opportunities for discovery and collaboration across diverse industries.

## Awards

Celebrating the most innovative, creative, and inspirational work across film, television, music, and interactive media each year. These recognitions acknowledge excellence in both established and emerging talent, highlighting the groundbreaking achievements that define the community.
